## LEGLESS<sup>®</sup> STACKER

## Introducing the new TASKBOA<sup>®</sup> 3000

The shortest 3000lb counterbalanced unit ever made with tilting carriage will be available June 1st 2019 with the following features as standard.

The NEXSYS system offers opportunity charging and is the ultimate battery combination for compact counterbalanced stackers.

The Delta Q charger is absolute state of the art. During our own testing and evaluation over the last 12 months, we have been able to bring the unit up to a 50% battery charge in less than 40 minutes – allowing an operator to charge the unit during a meal break and continue using the equipment a short time later.

### NEW 3000lbs Capacity.

The shortest 3000lb capacity counterbalance unit ever made.

### Up to 138" Lift Height.

Available in 98", 118" and 138" lift heights with further options for full-free lift.

### Proportional Control.

Users have more control with the proportional lower function.

### NEXSYS TPPL Technology.

Thin Plate Pure Lead batteries are completely maintenance free.

### Delta-Q Charger.

Built-in, state of the art, intelligent fast charger.

### Power Steering.

Electric power steering enhances maneuverability.

### Single Phase Charge.

Super fast charging via a standard 110v wall socket.

### Opportunity Charge.

Designed to rapidly charge in applications where charging is intermittent between use.

### Supported.

Supported by Enersys representatives throughout the USA and Canada.

## LEGLESS® STACKER

### LEGLESS® STACKER.

This Legless® Stacker is the ultimate stacker in accessibility and efficiency. The compact size of the BOA allows operators to work in narrow, tight racking and aisles widths; without sacrificing capacity at lift heights.

2200- 3000  
Lbs Capacity.

98" -138"  
Lift Heights.

Proportional  
Control.

Power  
Steering.

Opportunity  
Charging.

110v Internal  
Charger.

### INDUSTRIES.

General  
Warehousing

Supermarket  
Stores

Printing  
& Paper

Factory

General  
Manufacturing

Retail

Logistics &  
Distribution

Food &  
Beverages

Carpets &  
Flooring

### POWER & CONTROL.

The BOA® comes standard with responsive electric power steering to reduce worker fatigue and make it easier for operators to use the stacker in tight areas.

Our ergonomically designed handles, allow users to operate the BOA® using the forward and reverse butterfly control for precise maneuvering and easy access of the lift/ lower and tilt functions for both left and right handed operators.
