TASK **SIDEWINDER® F-165**

SIDEWINDER® F-165.

The SIDEWINDER® F-165 is the new innovative stock picker by TASK® Forklifts. The unit uses tried and tested technology to create one the safest, easiest to use, innovative stock pickers on the market.

With a reverse camera, optional USB ports, a real time Curtis control display, standard Class 2 carriage forks, and a range of accessories to choose from, the SIDEWINDER® F-165 is the all one machine needed in your warehouse.

INDUSTRY READY.

The SIDEWINDER® includes an industrial battery allowing operators multiple shift use before needing to be recharged. The inbuilt charger allows users to charge the machine via a standard 110V wall plug.

The Class 2 carriage forks, and stainless steel goods tray/ platform can carry up to 880lbs allowing operators to carry more stock at once.

DIMENSIONS.

The SIDEWINDER® Task Support Vehicle can work in aisles as narrow as 33" (Under 3ft); and has a total dimension of 68 ½" x 33".
